

Puppy and Veteran Sweepstakes

Judge James Dickson

It was truly a wonderful experience to judge the Puppy and Veteran Sweepstakes at the 2018 Specialty in Colorado. It was great to go over so many dogs from the western part of the US which I rarely have the opportunity to see. I was very pleased with the depth of quality throughout most of the dogs I examined. Overall, many of the dogs could do the job of a working terrier. Hindquarters were generally strong and sound. Certainly, much better than years ago. Most entries were easily spanned with good pelt. Front assemblies could use improvement with many upright upper arms and shoulders. This along with lack of fore chest results in short choppy steps with minimal reach. There were many lovely broad, flat heads with keen fiery expressions, but too many with not enough breadth

between the ears and eyes along with too much stop and lacking fill through the cheeks and muzzle. Heads are so important in distinguishing the Border from other terriers.

The Specialty Committee did a great job organizing a wonderful show at a great facility. Everyone deserves a big Thank You for all their hard work running such a huge event. A special thanks to my stewards for keeping the ring running efficiently. It was a privilege to judge such a nice entry of Borders. I especially enjoyed watching the bond between the handlers and their Veteran dogs, many of who were obviously happy to give it one more go around.
