

Best Junior Handler - **Jillian Plummer**

Jillian Plummer shown here with Firelands Copperfield “Stanley” Bred by Susan Kane & Marilyn Sugg, Owned by Amanda Bruder, Jillian Plummer, Ella Plummer

I began showing dogs in 4-H with my field-bred Pointer. As I began to develop an interest in the show world beyond 4-H, our family got our first show-bred Pointer, a retired champion. And then we got another. After a couple of years, I really wanted to get a dog that was not a wash and wear, something that I would need to groom. My dad wanted a dog that would ride on the center console of his truck. I actively help train and hunt our Pointers, so it was important to me to have something that would keep up. Attending the Specialty and winning Best Junior Handler was a great opportunity and experience. I am planning on pursuing a career in Veterinary Medicine. I can't thank the BCTA enough for the scholarship, it will certainly be put to good use!
